

Novarra Brick™

Novarra Brick™

Design is the art of storytelling, and **Novarra Brick** introduces a bold new narrative. Steeped in the legacy of European masonry craftsmanship and reimagined through modern innovation, its sleek, linear profile transforms spaces into architectural statements of distinction. **Novarra Brick** is crafted to inspire and redefine the boundaries of creative expression.

CRAFTED FOR DESIGN VISIONARIES

**18.5"L X 1.5"H LINEAR
BRICK**

6 COLORWAYS

**WATERSTRUCK
TEXTURE**

PRECISION SHAPE

The **Novarra Brick Collection** is the perfect fusion of innovation and artistry, reimagining the possibilities of modern brick design. Drawing inspiration from the ancient waterstruck technique, where artisans meticulously hand-packed clay into water-lined molds, these bricks capture the soft, velvety texture and organic details of their origins. Each piece tells a unique story, seamlessly merging the richness of tradition with the durability and precision of contemporary craftsmanship.

AUTUMNBLUSH

An inviting terracotta red with subtle charcoal undertones, reminiscent of the warm hues of autumn foliage. A timeless color that adds a sense of warmth of natural beauty to any space.

BEACHFOAM

Inspired by frothy waves along the shoreline, this color blends soft sandy beige and creamy off-white tones for a tranquil, relaxed ambiance, perfect for coastal-inspired projects.

SANDBLUFF

A warm tone reminiscent of sandy coastal cliffs, bringing natural, sun-kissed warmth to both indoor and outdoor applications.

EVENINGTIDE

A deep, dramatic charcoal palette that captures the stillness of twilight. Ideal for bold, modern statements or projects requiring striking contrasts.

MOONVEIL

A soft, wispy white with subtle gray undertones, evoking the calm, quiet beauty of a moonlit night. Perfect for projects seeking a fresh, modern aesthetic with timeless appeal.

FOGGYPEARL

A sophisticated blend of cool and warm grays, ideal for creating a serene, elegant atmosphere. Its subtle hues provide the perfect backdrop for modern and minimalist designs.

TECHNICAL DETAILS

BRICK DIMENSIONS & APPLICATIONS

The sleek linear format offers a distinctive aesthetic and can be installed horizontally, or vertically. With its precision molded technology, Novarra Brick can be installed either grouted or tight joint.

- 18.5" L
- 1.5" H
- 1.375" avg. thickness

VERSATILE CORNER LENGTHS

With eight different corner lengths, Novarra Brick allows for an intentionally irregular joint layout. For those seeking a more uniform appearance, masons can easily trim corners to create a standard running bond.

- 1.5" high
- 6" - 12" long return
- 2.75" - 4.25" short return

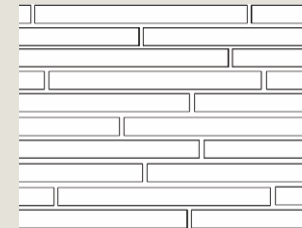

GLADIATOR CONCRETE MIX

Creative Mines Novarra Brick incorporates Pozzolan into its mix design, ensuring unmatched performance and longevity. This advanced material, famously used in enduring icons like the Roman Colosseum, forms a tighter concrete matrix that eliminates common problems found in lower-quality manufactured brick veneer, such as color fading, efflorescence, and material degradation.

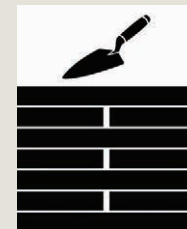

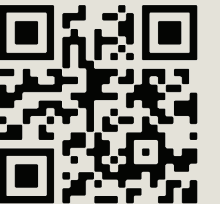

LEED APPLICATIONS

Novarra Brick is designed with sustainability in mind and reduced carbon footprint compared to clay brick and can contribute to earning LEED points in several key categories.
